Jan. 15 – No School

Feb. 22 – No School

Feb. 23 – No School

Mar. 10 – 18 – Spring Break,
No School

Greetings from Principal Boettcher!

Relentless Learning Opportunities at MMS

“Learning is not a race” at Menomonie Middle School! It is our middle school purpose and obligation to warmly insist and command the learning and achievement of all grade level standards. It is important that we honor individual student learning “when” it occurs rather than “if” it occurs. As we prepare each student for high school course work and beyond, it is our mission to ensure that each student is held accountable to learn and achieve all essential grade level learning standards.

Have you ever wondered why teachers provide the opportunity for a student to re-take an assessment or re-do an assignment? One might understand the notion of re-dos and re-takes better by comparing course work and course assessments to household chores assigned to our children at home. Imagine assigning your child to do the dishes and fold the towels by 8:00 pm. What might you do if this work was not done on time? Perhaps the first thing you would do is ask “why” the work was left incomplete. If the answer was “I didn’t understand what I was assigned to do” you might re-explain or model how the work is to be done. If the answer was “I forgot” you might re-assign the work and insist that it be done according to a new deadline. It is doubtful that you would simply “forgive” the work or give your child a “zero.”

Teachers have an excellent intuitive sense about which students are “unable” to complete assignments and/or assessments because they need more time and support, as compared to students who are “unwilling” to complete assignments and/or assessments due to a poor work ethic. Students who “can’t” versus students who “won’t” need different types of support. Menomonie Middle School is prepared to provide relentless learning opportunities for both types of learning challenges.

Are you interested in more information about why teachers allow students to re-take or re-do assignments and assessments? If so, consider reading Rick Wormeli’s article titled “Redos and Retakes Done Right”. This article is available on our website.

Standards Based Grading What Do These Numbers Mean?

If you find yourself confused about number grades as compared to traditional letter grades, consider the “Bike Analogy” – The Bike Analogy is located on our website. This analogy may help you compare traditional grade marks (A, B, C, D, F) to the numerical scale: 4, 3.5, 3, 2.5, 2, 1.5, 1, .5, LE. **This numerical scale is used in our district in grades Kindergarten through grade 8.**

Attitude + Effort = Success
Principal Bart Boettcher

MMS Is Tree Nut / Peanut Allergy Aware

Severe allergies related to tree nuts and peanuts and other related food products are on the rise. To protect the health and safety of all students who experience this type of life-threatening allergic reaction to tree nuts, peanuts, and/or products containing trace elements of these nuts- **MMS is a tree nut / peanut free school zone**. Students and families are reminded to refrain from the consumption or use of nuts at MMS. Your awareness and cooperation could save a human life!

MMS IS A BULLY FREE SCHOOL ZONE

Principals, teachers, counselors, and other staff members at Menomonie Middle School are always willing to listen to and consider the ideas, concerns, and needs of our students and parents/guardians. Several options for communication exist:

- **Talk to an adult you trust face to face**

Choose an adult staff member you trust and talk! We like talking with students and parents/guardians! If the adult you trust seems busy, ask to set up an appointment to share later.

- **Call an Adult You Trust**

Using the telephone to communicate is perfectly OK!

- **Write to an Adult You Trust**

If talking face to face or on the telephone is too hard, write a message to an adult you trust. Written messages can be delivered to an office or classroom. We will respond to you in a timely manner.

- **Use Our MMS Idea Box**

Written messages can be dropped off in our Idea Boxes located in the middle school hallways. Paper forms are available next to each box.

- **Send an Email to an Adult You Trust**

Sending an email to an adult you trust is a safe and easy way to share. We will respond in a timely manner.

All students should feel safe at school! No concern is too small! “Stand up” for yourself and “stand up” for your friends and peers. Together, we can eliminate bullying in our school!

Do You Have Questions About How to Use “Skyward Family Access”?

If you have questions about how to use our Skyward grading data base “Family Access”, you are not alone. Parents/guardians often have questions or difficulty when navigating this site. Do not hesitate to contact our front office for guidance when this occurs. We are ready and willing to assist you. To login to Family Access, go to the Parents & Community tab, go to Parent Tools and a drop down menu will come up with Skyward Family Access on it. Click on this option to access Family Access.

Notes from the Front Office:

RE: Student Bus Passes, Student Appointments, Student Messages

Middle school students are busy young people!

The MMS front office assistants are available to support families and students when the need for a bus pass, pass from class, or student message occurs. To better serve you and to minimize classroom interruptions, keep the following guidelines in mind:

- ✓ Students can be notified at lunch about messages or deliveries.
- ✓ Students cannot be paged during the school day: 7:43 am through 2:54 pm.
- ✓ Bus passes must be requested by students/families in writing prior to 11:00 am. Text messages are not accepted.
- ✓ Bus pass requests after 11:00 am may not be authorized due to passenger count.
- ✓ Students can be released from class to attend appointments by securing a Classroom Pass Release from the front office. A Classroom Pass Release requires a written excuse from a parent/guardian. This excuse must include the following information: date, time of appointment, and general reason. The time listed on the excuse will be the time the student is released from class.
- ✓ **Written excuses are preferred rather than parent/guardian phone calls to avoid unnecessary interruptions to the classroom. Please try to avoid showing up to pick up students at the last minute.**
- ✓ Students released from class during the school day must wait in the front office reception area for a parent/guardian to arrive. Parents must come to the front office and sign their student out on the registry prior to leaving the school building.
- ✓ Students returning to school after appointments must check in the front office before returning to class. Students must sign the front office registry and get a pass back to class upon their return.
- ✓ Please do not text students during class. Try to make arrangements prior to the beginning of the school day.

Thank you for supporting our MMS front office.

The school year is now underway and our M-Powered Learning 1:1 roll-outs are complete! It has been an exciting time for all of our 6-12 students. The energy was high on our roll-out days and it is great to see the learning taking place now that device access is not a limiting factor. We were also fortunate to receive a grant for Kajeet hotspots for students to checkout in the LMC. This allows us to provide 3-day checkouts to students who have limited internet access at home.

We're here to help you! Sometimes it can be confusing to know who to talk to. Here are a few of the main phone numbers and people to talk to.

Main School Number: (715) 232-1673

Attendance Secretary – Kelly Steinmeyer - ext. 30100

- Student will not be at school
- Student is leaving school early—appointment
- Student has a planned absence—vacation
- Have a question about your student's attendance.

Nurse's Office - Cindy Beaupre/Judy Olson — ext. 30103

- Student is sick and would like to leave school
- Questions regarding medications and plans

Food Service - Julie Neubrand - (715) 232-2794

- Food Service is located at the High School
- Questions about lunch accounts

Guidance Office - Jason Mountin - ext. 30108

- Questions regarding students with last name beginning A-L

Guidance Office - Nancy Horner - ext. 30112

- Questions regarding students with last name beginning M-Z

Main Office - Tina Liestman—ext. 30111

- Have a question about your student's fees—tech, print fee, athletic/club fees, etc.

Parent/Family Online Access

Online Family Access is available for all families in the district. To obtain a username and password, contact our district office at (715) 232-1642. Please, for security reasons, do NOT share your parent login with your child. Go to www.sdmaonline.com and click on the **Family Access Login** link on the left side. You can access your child's attendance, grades, fees and lunch balance.

Attendance Reminder

Good school attendance is one predictor of academic success. All Menomonie Middle School students are required to be in attendance from 7:43 am to 2:54 pm. Additionally, students are reminded that they have a maximum of 10 school days that can be missed during the school year for personal illness, religious services, and family activities. If a student needs to attend an appointment during school hours, a note from a parent/guardian or that business office needs to be turned into the Attendance Office the morning of your appointment so we can get your student a pass and that it does not count against those 10 days. If your child is absent, please call the Attendance Office.

Parents

Sign up to receive daily announcements, newsletters, and other important updates. The link is available on the middle school website.

Go to Parents & Community, then to Parent Tools. You will see a drop down menu listing Daily Announcements. Click on that link. This will take you to the Middle School Announcements page. On the right side is a Subscribe button. Click on that and follow the prompts.

Please remember to update your information, emergency contacts, and fill out permission forms on Skyward Family Access for your student(s). This is important for field trip permission, student and bus code of conduct, video/photographing permission, computer network agreement, health services standing orders, and more. You can also pay online fees for the middle school and sports fees.

Free and Reduced Lunch

Families who may be experiencing financial hardship are encouraged to apply for the free and reduced lunch program. Guidelines change and family circumstances change as well. Applications are available in the middle school office, as well as the district office. Many times our families are struggling to make “ends meet” and if they are eligible for assistance, it could really help their family. In addition, students who meet free and reduced eligibility are often times eligible for other programs. However, if an application is not submitted, they cannot receive that service. To learn more about eligibility criteria or receive an application, contact the Food Service Office at (715) 232-2794 ext. 42194.

Parent/Guardian Teacher Conferences will be held on Thursday, November 9th and Tuesday, November 14th from 4:00 pm to 7:45 pm at Menomonie Middle School. If you do not have a time set up, please contact your student's CARES teacher.

Parent/Guardian Alliance Group

The MMS Parent/Guardian Alliance is a group of parents/guardians and teachers who actively foster a spirit of cooperation and a sense of support, pride and enthusiasm for education. Nurturing a sense of community and engagement for families is our ambition.

Current Goals Include:

- *Create opportunities to engage families with the middle level experience
- *Provide academic and social support for our students and families
- *Communicate, collaborate and connect
- *Learn

Email: MenomonieMSAlliance@gmail.com

Facebook Page : <https://www.facebook.com/groups/726346760890260/>

2017-18 Core Value Poster Winner!

Congratulations to Kayla Kelsey for winning this year's core value poster contest. Students voted for their favorite during lunch. All entries were so creative!

The winning poster will be hung on our LMC Wall of Fame and Kayla will be awarded and recognized at our Term 1 school-wide assembly.

Congratulations to Kayla again and thank you to all students for all of the great entries!

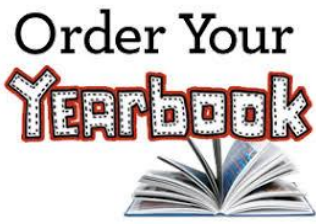

You made the decision a hard one.

MMS Fall Book Fair

Our Scholastic Book Fair will be coming to our library November 8th- November 15th. The fair will be open before school, during lunch, after school, and during parent teacher conference. If you would be interested in working the fair on the 9th or 14th please contact Mrs. Cimino at 715- 232-1673 ext 30618 or Mrs. Harrison at ext 30627. **Remember, all purchases benefit our school.** See you at the Book Fair!

Don't miss your chance to own a Middle School Yearbook this year! Yearbooks are pre-ordered for \$19 online at www.jostensyearbooks.com The final deadline is February 23, 2018, but don't wait! After December 22, the price goes up to \$25. Order your yearbook now. Go to www.jostensyearbooks.com to order with e-check or debit/credit card. If you have any questions, please contact Mrs. Schemenauer at Oaklawn Elementary, 715-232-3798 x 50102.

Tim Scott to present
“The Holocaust – Its Relevance Today”
to 7th Grade on Monday, November 6th

Using the Holocaust history to challenge the listener to identify the flames of prejudice, racism, and bias in communities, schools, families and individual hearts.

The Holocaust continues to capture the interest and fascination of Americans young and old. Tim Scott has spoken to thousands of students and adults throughout Wisconsin and Minnesota about this tragic period of history. Much more than a mere historical study of the Holocaust, however, Scott's presentation makes this history relevant for Americans in the nineties by relating it to current developments in our nation, communities and schools.

Through the dramatic use of story, video, and slides, he uses the Holocaust history to challenge the listener to identify the “flames” of prejudice, racism, bias or misunderstanding in his or her own heart. In so doing, the Holocaust becomes much more than tragic history; it becomes a catalyst for positive personal growth and change for individuals, communities and schools.

Dental Clinic at MMS

Bridging Brighter Smiles, Inc. provides preventative dental care right at school! Services offered include, oral screenings, dental cleanings, sealants, fluoride varnish applications, and referral assistance. Visits are held throughout the school year. This program is open to all students in the district 4K through 12th grade.

To enroll your children, simply go to enrollment.bbsmiles.org to complete an enrollment form right online.

Questions? Call Bridging Brighter Smiles at (262) 896-9891, or visit them on the web at www.bbsmiles.org.

Our next clinic at Menomonie Middle School will be on Thursday, November 9, 2017.

GYMNASTICS PERFORMANCE NIGHT

DECEMBER 21ST AT 6:00 PM

The gymnastics team does not travel for competition so please join us as our gymnasts “show off” some of the skills they have learned. We have 6th, 7th and 8th grade students who will be performing on the floor exercise, balance beam, uneven parallel bars and vault. Our program is designed to prepare middle school students for competition at the high school level. We have all levels of ability. You will be impressed with the routines these students have put together along with the skills they have acquired in such a short time. You will be entertained!

The performance night will be held in the large gyms at the Middle School on Dec. 21st at 6:00 pm.

Winter sports are beginning practice this week. Here is some practice information for parents/guardians. Students will be bringing home competition information once the schedule is set.

Girls Swim: Practice began Oct. 30th and will conclude Jan. 11th. Practices will be held after school from 3:15 – 5:00 pm at the high school.

Boys Basketball: Practice will be held daily from 3:05 – 4:45 pm. Players need to be ready to start practice and 3:05 and be picked up at 4:45 pm. The first game will likely be during the week of Nov. 13th. A detailed schedule will be distributed as soon as we have times and dates.

Gymnastics: Practice will be Monday, Tuesday & Thursday from 3:05 – 5:30 pm. Practice on Friday ends at 5:00 pm. No practice on Wednesday! Our end of the season performance night will be on December 21st at 6:00 pm. Mark your calendars!

*Students are charged a once a year athletic fee of \$50. Make checks payable to MMS and turn in to the front office. If payment is a concern, please contact Mr. Boettcher, Principal, Mr. Anderson, Assistant Principal or the front office.

New FACS Students!

Encore rotations happened at the end of October for 7th and 8th graders, and will change with the quarter for 6th graders!

Older students end their term in the food lab, learning recipes for Breakfast Burritos, Whole Wheat Chocolate Chip Cookies, and Homemade Biscuits!

6th Graders finished their term in the Sewing room creating blob pillows! They gain new life skill by learning not only to use the sewing machine but also hand sewing and trimming!

6th Grade SCIENCE Class

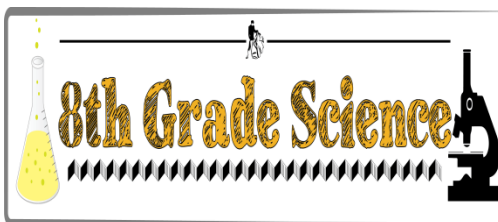

The 6th Grade Science students were excited to welcome Lauren Evans and Michele Maxson, from Fairmount Santrol to our classes on October 31. Students learned about the spread of White Nose Syndrome and conducted a lab to track rates of transmission.

In our interactions, we modeled fungal contamination bat to bat and environment to bat. Students learned how quickly WNS can spread. Students also learned how Fairmount Santrol and the DNR work together to evaluate population numbers, health of the population, and symptoms that they are encountering in the sand mines providing habitat for Wisconsin bats.

Students also learned about ways that Fairmount Santrol and the DNR are working to combat WNS. We are very thankful to Michelle and Lauren for sharing this experience and knowledge of real life science application with us!

8th Grade Science students visit sand mine/glass plant.

All 8th grade science students will again be participating in our annual science field trip to the Fairmount-Santrol Plant (Wisconsin Industrial Sand) and Cardinal FG (glass plant) on Tuesday November 21st. We are excited about this unique opportunity for our science students! This fall, our students will be learning about rocks and minerals, mineral resources and mining. The Menomonie area is quite unique in the fact that we have a sand mine, a glass factory, and a window

factory that converts raw mineral resources into common products! This trip will enhance your student's understanding of the role and importance of mining and mineral resources in our society. Prior to the trip, the students will hear a special presentation from Mark Waters (mining engineer) regarding the blasting, mining and processing of minerals.

There is no cost for this field trip. Our students will be transported by school bus to each location and will be back at school for lunch.

We thank Fairmount Minerals for their generous donation to cover transportation costs.

Music Notes

Thank you to all families and friends who helped support the MMS Music program through our annual magazine sale! We are so grateful for a community that supports the Arts! ***Did you know that if you missed the sale you can support the Music program by renewing or ordering a subscription through us all year long! Go to the Music Department website and click on the link to place your order.

Thank you to all 7th and 8th grade field trip chaperones! We could not do these trips without you!

Concert Season is rapidly approaching!

Please join us for our annual Veteran's Day Program, including performances by the 8th grade Band, Choir, and Orchestra, on November 10th at 9:45

Please take a moment to check in with your student about Winter Concerts - Dates, Call Times, Start Times, and attire expectations. A reminder that the 6th and 8th grade winter concert dates/times have been changed from the start of the year - please make sure your calendar is updated.

Thank you again for supporting music in your child's life. If you have any questions please contact any of the music teachers.

James Anderson – Orchestra

Jean Enyeart – Choir

Jesse Farnlof - Band

2017-2018 Middle School Music Calendar

Nov 3	7 th Grade trip to Finding Neverland	3pm-midnight	MOA & Pantages

May 24	6-8 Choir Concert	7pm	MHS Auditorium

MATH COUNTS

1st Meeting

Wednesday, November 1

3:00-3:45 in the Library

What is MATH COUNTS?

Math Counts is an after-school club that runs from November through February. Members work individually and as a team on high-level math problems to become better and faster problem solvers. Our team will have 3 competitions against local schools and a Regional competition, with a chance for top competitors to advance on to the state competition in Madison. We travel by bus to our competitions, and they take place during the regular school day.

When Do We Practice?

Practices will be held on Wednesdays after school until 4:15 pm in the Library. We have a lot of fun at practice! You can enjoy a snack, socialize with other team members, and improve your problem solving skills all at the same time! If Wednesdays after school are a problem for your schedule, but you would still like to be a member of the Math Counts team and take part in the competitions, we can work with you to arrange other practice options.

How do I get Signed Up?

Just show up to the first meeting on Wednesday, November 1 to join. We will hand out all required sign-up paperwork at this time. If you cannot attend this first meeting, see Ms. Dombrowski or Mrs. Tavares to get signed up.

Questions?

Ms. Dombrowski
(715) 232-1673 x30722
lindsey_dombrowski@msd.k12.wi.us

Mrs. Tavares
(715) 232-1673 x30625
lisa_tavares@msd.k12.wi.us

Smart Girls Rock!

The event *Smart Girls Rock!* took place at Menomonie Middle School on Thursday October 12, 2017. *Smart Girls Rock!* is a STEAM (Science, Technology, Engineering, Arts, and Mathematics) event meant to spark interest in STEAM careers to middle school girls. In its third year, 121 sixth through eighth grade girls rotated around to 19 different stations in a “speed-mentoring” format to meet 24 women in various STEAM careers. This year showcased women professionals from: 3M, Anderson Windows, Mayo Clinic Pediatrician and Radiation, Hoof and Paw Veterinary Clinic, Menomonie Police Department-Dispatch, United States Air Force, and departments from UW-Stout Biology, Wildlife Biology, Psychology, STEPS, Interior Architecture, Industrial Design, Information Technology, Game Design, Art History, Ecology, and Apparel and Design.

Smart Girls Rock! attendees. 121 sixth through eighth graders

19 “speed-mentoring” sessions with 24 women mentors

Jo Hopp represents UW-Stout's STEP program showing the girls the Battle Bots

Carolyn Phillips represents UW-Stout's Apparel and Design shows girls how Art and Science combine.

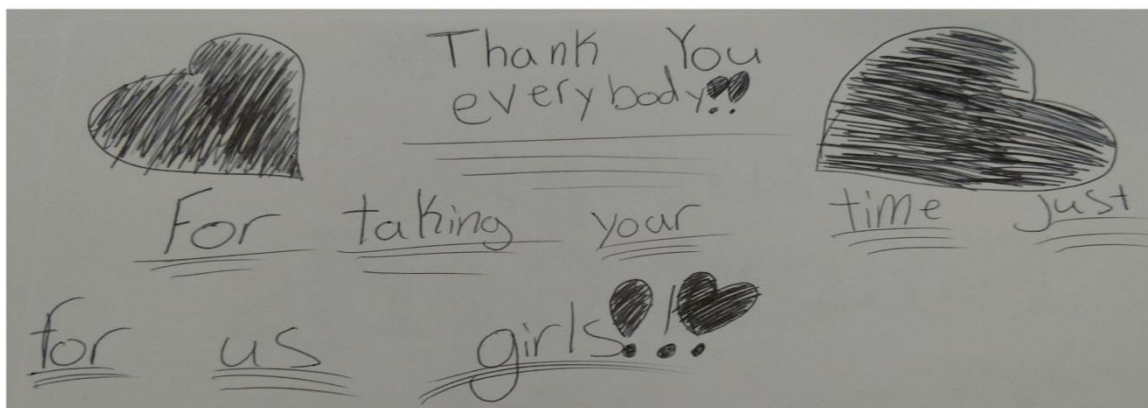

Jennifer Palmer shows the girls images from her field in Radiation

Kari Samuel from 3M talks about careers majors in Planet Sciences

Mary Spaeth and Annika Walukas share their love of flying the Civil Air Patrol and US Air Force

A "Thank You" note from a sixth grade student.

Thanks to all those who donated! We were able to donate over 100 pairs of Socks to the Stepping Stones Shelter, and MANY items were donated for the C-3 Center's Winter Clothing Drive! Thanks for your donations, we can't wait to try to double our efforts next year!

Notes from the Health Office...

Protect your family this flu season (*Health Partners Today – Fall 2007*)

- Get a flu shot in Oct. or Nov., but even Dec. isn't too late.
Flu season usually begins in Jan. and can last through May
Contact your health care provider regarding flu shots
- Encourage family members to wash their hands often
- Do not share food, beverages, lip moisturizers or other oral products

Immunizations – Parents of students who are behind schedule or have no record on file should have received legal notice(s). This notice states a deadline to provide proof of immunization requirements or an “in process” status. Failure to provide proof of the requirements can result in exclusion from school. The new Tdap requirement affects all middle school students for the 2017-18 school year. Thank you to all the families who have already submitted proof of their child's immunization record.

“Vaccines have cut down the risk of many childhood illnesses by more than 95 percent,” says Priya Sampathkumar, M.D., a Mayo Clinic infectious diseases specialist. When you vaccinate, you're not only keeping your own child safe, but also other people who won't be exposed.”
(Mayo Clinic Hometown Health – Summer 2013)

Medication – Parents, please remember to send medication in the original bottle or package to school. We cannot accept **expired medication** to be administered at school. All medication is safely stored in the Health Office as students cannot have medication in their possession. Thank you for your attention to this district policy.

Emergency Cards - Several students still need to turn in a completed emergency card to the school office (names are posted in each grade level). Please ask your student to bring a card home so a parent can complete this important information. Please remember to notify the office of any changes in work or cell phone numbers throughout the school year (MMS 715-232-1673). If your child becomes ill or injured at school, contacting a parent can be very difficult if we do not have current or up-to-date contact numbers.

Lost and Found

If your child has misplaced something at the Middle School, there is a *Lost and Found* table in the hallway by the office. Please encourage your child to check this location to claim lost items. The PE Dept. has their own *Lost and Found* table in each of the locker rooms. We accumulate many, many items during the year. Please be sure to check the lost and found when you're here for conferences. All items left after conferences will leave the building.

DECEMBER

5

BINGO

Stout Ale House
7pm - 9pm

Come support the Menomonie School District's Special Education Program with a fun night of Bingo! Proceeds will go towards field trips and community outings to help our students practice a variety of different social, community, and life skills. \$10 for a book of cards to play all night or \$1 per card per game.

**BINGO DAUBERS WILL BE
AVAILABLE FOR PURCHASE**

COLLECTION CORNER!

Thanks for your continued support by clipping and turning in your collected items for our school!
The time and effort you give will help those in job skills class learn skills for the working world.

Plus money for our school - it's a WIN WIN!

The collection bin is located in the office.

BOX TOPS For Education

Found on almost every item in your refrigerator, freezer or pantry and much much more! Cut them out & bring them in!! A complete list can be found at www.boxtops4education.com. We can earn money from collecting Box Tops cut from participating products. It is an easy way to give money to our school without spending any extra money!

Milk Caps - MILK MOOLA

Kwik Trip MILK MOOLA caps and bag top labels can earn 5¢ for each one you send in to our school. Please rinse the marked milk caps (leave labels on milk caps) &/or cut out the whole 5¢ strip top bag label and bring them in for our school!

Thanks for your support!

FYI: Labels for Education and Coke Rewards have ended their program.
Thanks for the support you have given!

If you have any questions regarding any of these fundraising projects,
feel free to contact Mary Ann Hitz (maryann_hitz@msd.k12.wi.us)
