NAMING DISTRICT FACILITIES

The school board shall name facilities in the School District of the Menomonie Area.

As a general policy, the board will name all schools after the name of the geographic location and/or section which they serve. Once a school or major facility has been named, it should not be renamed except for compelling reasons.

Major facilities, such as athletic complexes/sites, may be named in recognition of a major sponsor or public gift to the School District of the Menomonie Area as determined in Policy 840, Public Gifts to Schools.
